

UNIVERSITY SYSTEM OF MARYLAND

R30B00.00 UNIVERSITY SYSTEM OF MARYLAND

PROGRAM DESCRIPTION

The University System of Maryland was established July 1, 1988 under Subtitle 12-10 of the Education Article and is comprised of the former University of Maryland and the State Universities and Colleges. The eleven institutions and two research institutes along with its headquarters provide a continuum of education, research and public services.

MISSION

The University System of Maryland provides high quality and affordable public post-secondary education for the people of Maryland through effective and efficient management statewide. The institutions composing the University System of Maryland strive to be among the best higher education enterprises, individually and collectively, as judged by our peers and as recognized by the citizens of Maryland on the basis of cutting edge research, up-to-date teaching practices, and service contributions to our communities.

VISION

The University System of Maryland is a pre-eminent system of public higher education both nationally and internationally. It is forward-looking, responsive to changing technological and economic realities, and ultimately shaped and guided by the missions and unique strengths of thirteen autonomous institutions working together for the common good. The System meets successfully the challenges of quality education, access and affordability for all Marylanders, and efficiently uses its resources.

KEY GOALS, OBJECTIVES, AND PERFORMANCE MEASURES (taken from the Maryland Annotated Code, §10-209)

Goal 1. Create and maintain a well-educated work force (§10-209(c)(5))

Objective 1.1 Increase the estimated percent of USM graduates employed in Maryland from 64% in 1998 to 75% or greater in 2008.

Notes:

- ¹ All data for this indicator are taken from the biennial MHEC Follow Up Survey of Graduates. The 2001 USM-sponsored Schaefer Center Survey of Alumni and Their Employers, which had been reported in past MFRs under the 2001 actual column, was deleted in beginning in FY 03 in order to make all data comparable across all reported years. Beginning in FY 04, the MHEC Follow Up Survey will be administered every three years, so the next due date for data will be FY 05.
- ² Data presented represent estimates based on percentage of alumni (baccalaureate recipients only) responding to either the MHEC Follow Up Survey or Schaefer Center Alumni survey, who graduated with a MAITI-defined IT degree, and who indicated they were working in Maryland. Because these surveys are not conducted on an annual basis, the most recent data available are presented, with three years of actual survey data and one year of estimated data presented per the agreement in 2003 with DBM. The column headings indicate the actual or estimated survey year in which the data were reported. All data except the 2001 Survey are from the MHEC Follow Up Survey. The 2001 Survey data are derived from the USM-sponsored Schaefer Center Survey of USM Alumni and Their Employers. Due to differences in the design, sampling, execution, and analysis of the Schaefer Center Survey and the MHEC Follow Up Survey, data derived from the two surveys are not comparable.
- ³ Data for the measure come from the USM-sponsored Schaefer Center Survey of USM Alumni and Their Employers, a telephone based survey conducted in 2001. Since the survey has not been repeated since 2001, no data are available for the current year or years prior to 2001. The next possible date for repeating the survey will be FY 05, but will depend upon funding.
- ⁴ For FY 03, the baseline for Objective 2.1 was changed to reflect USM's switch to the U.S. Bureau of the Census' new American Community Survey as the indicator data source (<http://www.census.gov/acs/www/Products/Ranking/index.htm>). Percent of Maryland residents with a bachelor's degree is derived from this government-sponsored survey. The 2010 goal remains the same. Data included are the most recent available for the reported fiscal year; for example data reported for FY 03 are based upon the ACS ranking tables for 2002; data reported for FY 2002 are based upon the ACS ranking tables for 2001.
- ⁵ National median salary data are taken from U.S. Bureau of Labor Statistics' Annual Demographic Survey and represent the median annual earnings of all people in the U.S. age 25 years and older who have a college bachelor's degree. The national data are compared to the calculated median salary of USM alumni one year after graduation (undergraduate only) to get the actual ratio. The median salary calculation for USM alumni assumes incomes are evenly distributed within the income category containing the median salary reported on the MHEC Follow Up Survey of Graduates.
- ⁶ Business incubators are currently operated by two USM institutions: UMCP and UMBC. For FY 03, this indicator was revised in response to the legislative analyst's suggestion in January 2003 to report a five-year average rather than the cumulative number of companies graduating. The five year average for FY 99 through FY 03 was 4.8 companies graduating annually from USM incubators.
- ⁷ The data reported are for UMCP and UMB. For UMCP, the data reported include all graduate level college, program, or specialty area rankings published by *U.S. News*, *Financial Times*, *Business Week*, *Success*, and the National Research Council, for which the university has a matching college, program, or specialty area. For UMB, the data reported includes all college, program, or specialty area rankings published by *U.S. News*. Rankings for some programs or specialty areas may not be published every year; in such cases, the total number reported includes the most recently published for a particular college, program, or specialty area.
- ⁸ National academy memberships included in the total are the following: the Institute of Medicine, the American Academy of Arts & Sciences, the National Academy of Education, the National Academy of Engineering, and the National Academy of Science. Because faculty awards, included in the indicator title in past MFRs were not actually reported in the totals of past USM MFRs, the objective and indicator descriptions were changed in 2003 to more accurately reflect the actual components of the measure.
- ⁹ As defined by the Maryland State Department of Education, this indicator pertains only to "new hires who graduated from a USM institution and were hired by LEAs." According to MSDE, the fiscal year data may include teachers who became certified prior to that fiscal year.
- ¹⁰ All second-year retention and six-year graduation rates represent first-time, full-time students only, per the U.S. Department of Education's IPEDS reporting requirements.
- ¹¹ Data represent estimates based on percentage of alumni (baccalaureate recipients only) responding to the MHEC Follow Up Survey of alumni, who graduated from a USM nursing program, and who indicated they were working in Maryland. Because the survey is not conducted on an annual basis, the most recent data available are presented, with three years of actual survey data presented along with one year of estimates per the agreement in 2003 with DBM. The column headings indicate the actual or estimated survey year in which the data were reported.

UNIVERSITY SYSTEM OF MARYLAND

INSTRUCTION

This program includes expenditures for all formally organized activities that are part of an institution's instruction program carried out during the academic year. The program also includes special sessions offered during the summer and other periods not common to the institution's regular term.

RESEARCH

This program includes expenditures for the implementation of all separately sponsored projects. These research projects, financed by Federal agencies and private foundations, are limited to the specific functions for which funds were granted.

PUBLIC SERVICE

This program includes expenditures for activities that are established primarily to provide non-instructional services beneficial to individuals and groups external to the institution.

ACADEMIC SUPPORT

This program includes funds expended primarily to provide support services for the institution's instruction program. The program includes libraries, museums, educational media services, academic computing support and academic administration.

STUDENT SERVICES

This program includes expenditures for offices of admissions and registrar and those activities whose primary purpose is to contribute to student emotional and physical well-being as well as intellectual, cultural and social development. It includes counseling, career guidance, financial aid administration, student admissions, student records and student health services.

INSTITUTIONAL SUPPORT

This program provides for expenditures for executive management, fiscal operations, general administration, logistical services, administrative computing support, public relations, and public safety.

OPERATION AND MAINTENANCE OF PLANT

This program includes expenditures for the operation and maintenance of the physical plant for State-supported programs. Included in this program are physical plant administration, building maintenance, custodial services, utilities, landscape and grounds maintenance, and major repairs and renovations.

AUXILIARY ENTERPRISES

The auxiliary enterprises activity is a self-supporting entity which provides goods and services to students, faculty and staff. Included in these services are residence halls, food services, college stores, and intercollegiate athletics, as well as support services directly related to these activities.

SCHOLARSHIPS AND FELLOWSHIPS

This category includes expenditures for scholarships and fellowships from restricted or unrestricted current funds, in the form of grants to students, resulting from selection by the institution or from an entitlement program. Scholarships include grants-in-aid, trainee stipends, and prizes to undergraduate students. Fellowships include grants-in-aid and trainee stipends to graduate students.

HOSPITALS

This category includes all expenditures associated with patient care, including nursing, professional services and administration.

PROGRAM DESCRIPTION

The University of Maryland, Baltimore (UMB) comprises six professional schools and an interdisciplinary graduate school that educate students, conduct research, and provide clinical services in dentistry, law, medicine, nursing, pharmacy, and social work.

MISSION

The University of Maryland, Baltimore is the State's public academic health and law university devoted to professional and graduate education, research, patient care, and public service. Using state-of-the-art technological support, UMB educates leaders in health care delivery, biomedical science, social services and law. By conducting internationally recognized research to cure disease and to improve the health, social functioning and just treatment of the people we serve, the campus fosters economic development in the State. UMB is committed to ensuring that the knowledge it generates provides maximum benefit to society, directly enhancing the community.

VISION

The University of Maryland, Baltimore is recognized as one of the preeminent public research universities in the nation. We educate students who will become leaders in their chosen profession; our faculty conducts research that is internationally recognized for its quality; and we provide clinical care and professional services that are of maximum benefit to the communities we serve.

KEY GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

Goal 1. Continue to maintain competitive edge as a center of excellence in life and health sciences, law, and social work.

Objective 1.1 By fiscal year 2004, enhance the quality and preeminence of professional and graduate programs as indicated by increasing the number of programs ranked nationally in the top 10.

R30B22.00 UNIVERSITY OF MARYLAND, COLLEGE PARK

PROGRAM DESCRIPTION

The University of Maryland, College Park (UMCP), a comprehensive public research university, is the flagship institution of USM and Maryland's 1862 land-grant institution. UMCP offers baccalaureate, master's, and doctoral programs in the liberal arts and sciences, social sciences, the arts, and selected professional fields. UMCP also serves the State's agricultural, industrial, and commercial communities, as well as school systems, governmental agencies, and citizens.

MISSION

As the State's premier public research university, its original land grant institution, and the legislatively mandated flagship institution of USM, the University of Maryland, College Park serves the citizens of the State through three broad mission areas of research, teaching, and outreach. The University is the State's primary center for graduate study and research, and it is responsible for advancing knowledge through research, providing highest quality undergraduate instruction across a broad spectrum of academic disciplines, and contributing to the economic development of the State.

VISION

The University of Maryland, College Park serves the citizens of the State by joining the ranks of the nation's premier public research universities and is nationally and internationally recognized for the quality of its faculty and students, for its outstanding academic programs in key research areas across the disciplines, for programs in the arts that are a national model of excellence and community involvement, and for outreach and service that are a key resource for the well being of the citizens of the State. It provides the highest quality undergraduate education, noted for a breadth and depth that are the hallmark of first-rate research universities, and its many special programs attract and graduate students of the highest academic caliber from every ethnic and racial group.

KEY GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

Goal 1. Provide the citizens of Maryland with a public research university whose programs and faculty are nationally and internationally recognized for excellence in research and the advancement of knowledge.

Performance Measures	2002 Actual	2003 Actual	2004 Estimated	2005 Estimated
Quality: Number of UM's colleges, programs, or specialty areas ranked among nation's top 15 at the graduate level ¹	45	49	50	51

Objective 1.1 Increase the number of faculty receiving prestigious awards and recognition from 34 in 1999 to 48 in 2004.

Performance Measures	2002 Actual	2003 Actual	2004 Estimated	2005 Estimated
Quality: Number of faculty receiving prestigious awards and recognition	43	47	48	50

Objective 1.2 Increase total research and development (R&D) expenditures, as reported by the National Science Foundation, from \$216 million in FY 1997 to \$310 million in FY 2004.

- ¹ This number encompasses all graduate level college, program, or specialty area rankings published by *U.S. News*, *Financial Times*, *Business Week*, *Success*, and the National Research Council for which UM has a matching college, program, or specialty area.
- ² Fall data reflecting the current academic year.
- ³ Median salary calculation assumes incomes are evenly distributed within the income category containing the median salary reported on the 1997, 1998, 2000, or 2002 MHEC Follow Up Surveys or the 2001 USM-sponsored alumni phone survey one year after graduation.
- ⁴ Due to lag in NSF data collection and reporting time, data are reported for the prior fiscal year, i.e., 1998 number is for fiscal year (FY) 1997; 1999 number is for FY 1998, etc.
- ⁵ Estimation based on percentage of UM alumni (baccalaureate recipients only) responding to alumni survey who graduated with a MAITI-defined IT degree and who indicated they were working in Maryland.
- ⁶ Refers to baccalaureate recipients only.
- ⁷ Estimation based on percentage of UM alumni surveyed one year after graduation who indicated they were working in Maryland.
- ⁸ Data are based upon FY 99 graduates who completed the MHEC Follow Up Survey one year after graduation.
- ⁹ Data are based upon FY 00 graduates and their employers who responded to a USM-sponsored telephone survey of UM graduates one year after graduation. Due to differences in the design, sampling, execution, and analysis of the USM phone survey and the bi-annual MHEC Follow Up Survey, data for FY 97, FY 98, FY 00 and FY 02 under the categories of median salary, alumni satisfaction with preparation received for employment, alumni satisfaction with preparation received for graduate or professional study, ratio of graduates' median salary to national average, percentage of alumni employed, number of IT graduates employed in Maryland, and number of graduates in any discipline employed in Maryland are not directly comparable to data for FY 01 (differentiated by italics).
- ¹⁰ Reflects only bachelor's degree recipients who graduated the previous year, were employed full time, and who rated their education as excellent, good, or adequate/fair preparation for employment. In order to avoid data contamination, anonymous responses were excluded from the satisfaction rate calculations.
- ¹¹ Source: U.S. Bureau of Labor Statistics, U.S. Bureau of the Census. According to the BLS/Census Bureau data, the median earnings in FY 2000 for people in the U.S., age 25 years old and over, with a bachelor's degree was \$37,989, with a Standard Error (in dollars) of \$501; the median earning for FY 2001 was \$40,314 with a \$211 standard error; the median earnings for FY 2002 was \$40,929 with a standard error of \$149. Data for Actual 2002 and Actual 2001 in the 2003 MFR has been changed to reflect the appropriate median earnings of people in the U.S.
- ¹² Data are based upon FY 01 graduates who completed the MHEC Follow Up Survey one year after graduation.

R30B23.00 BOWIE STATE UNIVERSITY

PROGRAM DESCRIPTION

Established in 1865 as Maryland's first Historically Black Institution, Bowie State University (BSU) has become a regional university offering broad undergraduate and selected professionally-oriented graduate programs, including the doctorate in educational leadership.

MISSION

Bowie State University, through the effective and efficient management of its resources, provides high-quality and affordable educational opportunities at the baccalaureate, master's and doctoral levels for a diverse student population of Maryland citizens and the global community. The educational programs are designed to broaden the knowledge base and skill set of students across disciplines and to enable students to think critically, value diversity, become effective leaders, function competently in a highly technical world, and pursue advanced graduate study. The University is committed to increasing the number of students from under-represented minorities who earn advanced degrees in computer science, mathematics, information technology, and education. Constituent needs, market demands, and emerging challenges confronting socioeconomic cultures serve as important bases in the University's efforts to develop educational programs and improve student access to programs of instruction.

VISION

Building on its image as a student-centered institution, Bowie State University will provide its diverse student population with a course of study that ensures a broad scope of knowledge and understanding that is deeply rooted in expanded research activities. The University excels in teacher education and will become the premier teacher of teachers. Through the integration of internal business processes, technology, and the teamwork of administrators, faculty, and staff, the University will be recognized Statewide as a model of excellence in higher education for the effective and efficient use of human, fiscal, and physical resources.

KEY GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

Goal 1. Improve student retention and graduation rates.

Objective 1.1 By Fall 2005, increase the second-year retention of first-time, fulltime, degree-seeking freshmen from 74% in Fall 1998 to 80%.

Performance Measures	2002 Actual	2003 Actual	2004 Estimated	2005 Estimated
Output: Second-year undergraduate retention rate	73%	75%	76%	80%

Objective 1.2 By FY 2005, increase the six-year graduation rate of first-time, full-time, degree-seeking students from 34% in FY 2000 to 50%.

Performance Measures	2002 Actual	2003 Actual	2004 Estimated	2005 Estimated
Output: Six-year undergraduate graduation rate	40.6%	38.9%	46%	50%

Objective 1.3 By Fall 2005, increase the second-year retention of first-time, full-time, degree-seeking African-American freshmen from 75% in Fall 1999 to 80%.

Performance Measures	2002 Actual	2003 Actual	2004 Estimated	2005 Estimated

R30B24.00 TOWSON UNIVERSITY

PROGRAM DESCRIPTION

Towson University, serving both residential and commuter students, provides a broad range of undergraduate programs in both the traditional arts and sciences and applied professional fields, as well as selected graduate and doctoral level programs.

MISSION

Towson University is a premier, metropolitan comprehensive institution, nationally recognized for quality and value, focused on teaching and committed to providing a broad range of opportunities for undergraduate and graduate education. The undergraduate curriculum will enable students to acquire the intellectual skills essential to effectively communicate in speaking and writing, the gathering and evaluation of information, critical analysis, competence in the use of technology and an appreciation of diverse points of view. The University offers post-baccalaureate education including certificate programs for advanced education and workforce training, masters degrees in traditional and applied disciplines, and doctoral programs. The University will continue to respond to the Baltimore metropolitan area educational and workforce needs.

VISION

Towson University will be a regionally ranked Doctoral/Research – Intensive University with a broad array of programs that meet student needs and workforce requirements. The University expects to expand undergraduate offerings in inter-disciplinary fields that build on existing strengths and in graduate areas to the doctoral level that expands the commitment to professional fields in the arts and sciences, information technology, education, the health professions, and business. Through its faculty, known for excellent teaching, basic and applied research, and creative activities, the University responds to the political and economic needs of the Baltimore metropolitan area.

Footnotes

1. Data for 1997, 1998, 2000, and 2002 Survey Actual were obtained from the MHEC Alumni Survey – one year follow-up of Bachelor's degree recipients and the 2001 Survey Actual was obtained from a telephone survey conducted by the Schaefer Center.
2. Includes Fall data only.
3. Presently it is difficult if not impossible to disaggregate undergraduate and graduate students who passed Praxis II and then replicate ETS results.
4. Based on the Schaefer Center survey of employers, the percentage of employers who said they would "definitely yes" or "probably yes" hire graduates of TU again.
5. Based on salary of those employed full-time.
6. MHEC data.

PROGRAM DESCRIPTION

The University of Maryland Eastern Shore (UMES) is the 1890 Land-Grant institution for the State. As such, it maintains a legacy of an historically black institution that offers equal education opportunity to all students who qualify for admission. Degree programs are offered in liberal arts, the social, natural and agricultural sciences, business, technology, education, allied health and hospitality. The University offers programs leading to the B.A. and B.S. degrees in 32 disciplines in the arts and sciences, professional studies and agricultural sciences. In addition, UMES offers 15 teaching degree programs, 9 pre-professional programs and an Honors Program designed in cooperation with the University of Maryland - Baltimore and the Maryland/Virginia Regional College of Veterinary Medicine at Virginia Tech to prepare students for professional school studies.

UMES offers graduate degrees in Agricultural and Extension Education, Applied Computer Science, Food and Agricultural Sciences, Guidance and Counseling, Rehabilitation Counseling, Career and Technology Education, Criminology and Criminal Justice, and Special Education. Marine-Estuarine and Environmental Sciences and Toxicology are offered at M.S. and Ph.D. levels, and Physical Therapy, Food Science and Technology, Organizational Leadership, and Educational Leadership are offered at the doctoral level. A Masters of Arts in Teaching is also offered.

UMES' programs in Construction Management Technology, Aviation Sciences, Hotel and Restaurant Management are unique to both the state and the region.

MISSION

The University of Maryland Eastern Shore (UMES), Maryland's 1890 Land-Grant Institution, is a growing, primarily residential university with a teaching, research and engagement mission. UMES includes the "Land-Grant" disciplines of agriculture, home economics, and mechanical arts, as well as liberal arts, scientific, business, technological, and professional programs. As the only doctoral and research institution on the Eastern Shore, it values the discovery, knowledge, development, and dissemination of knowledge. The University recognizes that it is also responsible for providing access, developing human potential, enriching cultural expressions, and sharing its expertise with individuals, businesses, and educational and governmental agencies.

VISION

The University of Maryland Eastern Shore moves into the first decade of the twenty-first century poised to become a Carnegie Doctoral/Research University – Intensive and a Four-Year 3 classified institution. As an 1890 Land-Grant University, it continues to be accessible to all groups, especially those of disadvantaged backgrounds. The University's faculty members are well-respected scholars and artists who contribute to the university's productivity and to their professions in areas of learning, performance, teaching, research, and service. With this firm infrastructure, the University is committed to sound academic quality; and development of values-based leaders.

PROGRAM DESCRIPTION

Frostburg State University (FSU) offers a comprehensive array of undergraduate and graduate degrees emphasizing arts and humanities, business, applied technologies, education, environmental sciences, human services, and social and behavioral sciences.

MISSION

Founded in 1898, Frostburg State University is a comprehensive, largely residential, regional university. It is the only four-year institution of the University System of Maryland (USM) west of the Baltimore-Washington metropolitan area thereby serving as the premier educational and cultural center for western Maryland. In addition to offering an excellent academic program, the University continues to be an integral component of regional economic development initiatives. FSU intends to increase the number of advanced learners and to provide educational opportunities for students from nontraditional age and minority populations and from rural, suburban, and metropolitan areas, creating a student body reflective of contemporary multicultural society.

The primary program emphasis at the University is high-quality, affordable undergraduate education. Frostburg State University is distinguished by an excellent, diverse faculty, dedicated staff, and service to the communities of western Maryland. Students are afforded a supportive environment in which to expand their knowledge, understanding, communication skills, and appreciation for cultural diversity. Couched within a liberal arts tradition, undergraduate programs promote intellectual growth and equip learners with problem-solving and decision-making abilities useful in developing global understanding and effecting civic responsibilities and constructive change. In response to community and regional needs, graduate programs provide specialized instruction for students engaged in or preparing to enter particular professional fields. In order to prepare a well-trained workforce and contribute to economic development, teaching, research, and supervising field experiences/projects are the most important professional activities and responsibilities of the faculty.

VISION

The University will consist of an increasingly multi-cultural community, rich in perspectives, highly knowledgeable within their academic disciplines, technologically proficient, strongly motivated for learning, and globally aware. Our scholarships, grants, and fundraising will increase opportunities for study, support academic initiatives, and attract a more diverse complement of faculty, students, and staff. Citizens will see that their educational investment pays off in quality teachers who meet NCATE professional standards and who affect the achievement of their K-12 students. Our graduates will contribute to a workforce capable of fulfilling emerging job requirements in the fields of science and technology, which will enable businesses to expand and new ventures to locate in the state. We will continue to expand programs and increase collaborative educational initiatives. Through internships, international study, experiential learning, and voluntary service, graduates of the University will be ready to perform on the job.

KEY GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

Goal 1. Meet critical workforce shortage needs in IT and teacher education in the region and state.

Objective 1.1 Increase the estimated percent of IT program graduates employed in Maryland from 67% in 1998 to 76% in 2005.

Performance Measure	2002 Actual	2003 Actual	2004 Estimated	2005 Estimated
Input: Number of undergraduates enrolled in IT programs ⁵	393	431	415	420
Output: Number of graduates in IT programs (annually)	62	64	65	66
Performance Measure	2000 Survey	2001 Survey	2002 Survey	2003 Survey
Outcome: Percent of IT graduates employed in Maryland ³	75%	76% ¹	74%	76%

Outcome Employer satisfaction with graduates ^{3,4}	NA	98%	NA	98%

Objective 5.4 Prepare graduates to obtain higher initial median salaries from \$25.5 in 1998 to \$30.8 in 2005.

Performance Measures	2000	2001	2002	2005
	Survey	Survey	Survey	Estimated
Outcome: Median salary of graduates (\$000's) ²	\$27.5	\$27.5 ¹	\$30.0	\$30.4

Note: NA = data not available

¹ Data from the Schaefer Center telephone survey were collected using both different methodology and questions from the biennial MHEC-sponsored Alumni Survey. Not directly comparable to data presented in other years.

² The weighted average of the midpoint of the salary ranges.

³ Column headings used for this measure reflect the survey years in which the data were gathered. Data contained in the 1997, 1998, 2000, and 2002 columns are taken from the MHEC-sponsored Alumni Follow Up Survey, which is administered biennially to alumni who graduated the prior year (for instance, the 1997 survey was of 1996 graduates, the 1998 survey was of 1997 graduates, the 2000 survey was of 1999 graduates, etc.). Data in the 2001 column are taken from the 2001 USM-sponsored telephone survey of alumni who graduated in 2000 and their employers. Due to differences in the design, sampling, and execution of the USM phone survey and the MHEC Alumni Follow Up Survey, the data from them are not directly comparable.

⁴ Questions related to employers' satisfaction with FSU alumni were included on the 2000 FSU-sponsored paper survey and the 2001 USM-sponsored telephone survey of alumni. Such questions are not included on any of the MHEC-sponsored Alumni Follow Up Surveys carried out in 1997, 1998, 2000, and 2002.

⁵ The actual data are for fall 2002 and Fall 2003.

⁶ Cumulative number of program accreditations.

R30B27.00 COPPIN STATE COLLEGE

PROGRAM DESCRIPTION

Coppin State College is a public, urban, historically black institution offering undergraduate and graduate programs in the liberal arts and sciences and human services.

MISSION

A comprehensive, urban, liberal arts institution with a commitment to excellence in teaching, research, and continuing service to its community, Coppin State College provides educational access and diverse opportunities for all students, and places an emphasis on students whose promise may have been hindered by a lack of social, personal, or financial opportunity. High-quality academic programs offer innovative curricula and the latest advancements in technology to prepare students for new workforce careers in a global economy. To promote achievement and competency, Coppin expects rigorous academic achievement and the highest standards of conduct with individual support, enrichment, and accountability. By creating a common ground of intellectual commitment in a supportive learning community, Coppin educates and empowers a diverse student body to lead by the force of its ideas to become critical, creative and compassionate citizens of the community and leaders of the world, with a heart for lifelong learning and dedicated public service. Coppin State College applies its resources to meet societal needs, especially those of Baltimore City, wherever those applications mesh well with its academic programs.

VISION

Powered by information technology as the centerpiece for achieving its institutional goals, Coppin State College embodies excellence as a pioneer in urban education and public service as it excels as a model comprehensive, urban liberal arts college both regionally and nationally.

R30B28.00 UNIVERSITY OF BALTIMORE

PROGRAM DESCRIPTION

The University of Baltimore (UB) provides career-oriented education at the upper division bachelor's, master's, and professional levels, offering degree programs in law, business, and liberal arts with an emphasis on applied and professional degrees.

MISSION

The University of Baltimore prepares students to contribute to the well being of Maryland as responsible citizens and through their chosen professions. UB also applies the expertise of its faculty, staff, and students and its other resources to address current economic, social, and political problems and to improve the quality of life in Baltimore City, the greater Baltimore region, and the State. Based in Baltimore, UB is a center for the study of law, business, and liberal arts, with a liberal arts emphasis on applied and professional programs. The University provides advanced instruction at the upper division bachelor's, master's, and professional degree levels, including applied doctoral degrees in areas of particular strength. UB provides its services through a variety of campus-based and distance education programs.

VISION

The University of Baltimore is a leader in the development and dissemination of knowledge in the applied disciplines that form the core of its academic programs. Any qualified Marylander has access to UB's academic programs and services without regard to geographic location, economic means, or other limiting circumstance. UB's students are highly satisfied with their preparation for productive professional lives. The University maintains a lifelong relationship with its graduates, and continues to meet their educational needs in a rapidly changing world. Maryland's businesses, governments, and not-for-profit organizations value UB's talents. UB is a major contributor to sustaining Mid-Town Baltimore as a flourishing urban environment.

PROGRAM DESCRIPTION

Salisbury University (SU) serves the State of Maryland by providing undergraduate liberal arts, sciences, pre-professional and professional programs, and select, mostly applied, graduate programs.

MISSION

Salisbury University is a regional comprehensive university emphasizing undergraduate liberal arts, sciences, pre-professional and professional programs, and select, mostly applied, graduate programs. The University creates a superior, active, and engaged relationship between academic programs, the faculty, staff, and students and unites diverse and highly qualified faculty and staff in serving academically capable students from both the Western and Eastern Shores of Maryland and other states and nations. Salisbury University prepares its graduates to pursue careers in a global economy and for meeting the State's workforce needs. The University promotes and supports applied research, diversity initiatives, targeted outreach programs, K-16 partnerships, cultural events, and civic engagement in all aspects of community life. Salisbury University recognizes excellence, student-centeredness, learning, community, civic engagement, and diversity as the fundamental values on which it is founded and upon which it serves the State of Maryland.

VISION

Salisbury University will continue as a premier regional university that is recognized nationally for excellence by its peers and regionally for its commitment to model programs in civic engagement. Undergraduate research, service learning, international experiences, and co-curricular activities will continue to enrich the traditional academic curriculum and enable students to connect research to practice theory to action. The University will provide graduates who will be recruited by the best employers and graduate schools, and who will contribute to the economic vitality of the State and the Nation. The University will continue to enhance the quality of life for its students, the State, and the region, and will explore opportunities to provide doctoral programs in areas of need.

KEY GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

Goal 1. Provide quality undergraduate/graduate education.

Notes to MFR

¹ Prior to 2002, the teacher certification exam taken for initial teacher certification was the National Teachers Examination (NTE). Beginning in 2002, PRAXIS II is the exam by which all Maryland students are measured for purposes of initial teacher certification.

² PRAXIS II test results are reported on a cohort basis. Salisbury University includes Master of Arts in Teaching (MAT) degree recipients with the baccalaureate degree recipients. At this time, there is no means of differentiating whether students who pass the exam graduated at the undergraduate or graduate level.

³ Up until 2003, Salisbury University surveyed baccalaureate degree recipients on an annual basis and included the most current data in the MFR. The survey years reflect those data. Because a follow-up survey of baccalaureate degree recipients was not conducted in 2003, the 2002 survey results have carried forward to 2003.

⁴ Data provided by the MHEC.

R30B30.00 UNIVERSITY OF MARYLAND UNIVERSITY COLLEGE

PROGRAM DESCRIPTION

University of Maryland University College is one of 11 degree-granting institutions in the University System of Maryland. UMUC provides undergraduate and graduate education to Maryland citizens and individuals throughout the world.

MISSION

University of Maryland University College offers educational opportunities to working adult students who strive to enhance their personal and professional development. To respond to our students' needs and the needs of today's workforce, UMUC offers undergraduate and graduate degrees, doctoral degrees, certificate programs, and non-credit professional development programs in a range of subjects such as computers and technology, business and management, teacher education, and communications. To support UMUC's non-traditional student population, the University provides access, both online and in the classroom, to complete academic programs and student services. As a leading provider of lifelong learning for over fifty years both nationally and internationally, UMUC continues to develop relevant and accessible academic programs that enhance Maryland's economic development and establish the State as a center for global educational excellence. UMUC also extends American postsecondary educational opportunities to active duty military and their families overseas.

VISION

University of Maryland University College will be the Global University in Maryland that is known for high-quality academic programs and outstanding faculty, products, and services delivered to students and clients independent of time and place. UMUC will be the hallmark educational institution for lifelong partnerships with students, the workforce, and both public and private enterprise. UMUC will continue to extend educational opportunities to those who will make our State, our nation, and our global society a better place to live and work.

R30B31.00 UNIVERSITY OF MARYLAND BALTIMORE COUNTY

PROGRAM DESCRIPTION

The University of Maryland Baltimore County (UMBC) offers undergraduate, master's and doctoral programs in the arts and sciences and engineering. Within a strong interdisciplinary framework, UMBC programs link the cultures of the sciences, social sciences, visual and performing arts and humanities, and the professions.

MISSION

UMBC is a dynamic public research university integrating teaching, research, and service to benefit the citizens of Maryland. As an Honors University, the campus offers academically talented students a strong undergraduate liberal arts foundation that prepares them for graduate and professional study, entry into the workforce, and community service and leadership. UMBC emphasizes science, engineering, information technology, human services, and public policy at the graduate level. UMBC contributes to the economic development of the State and the region through entrepreneurial initiatives, workforce training, K-16 partnerships, and technology commercialization in collaboration with public agencies and the corporate community. UMBC is dedicated to cultural and ethnic diversity, social responsibility, and lifelong learning.

VISION

An Honors University in Maryland, UMBC will be one of the nation's best public research universities of its size as it combines the traditions of the liberal arts academy, the creative intensity of the research university, and the social responsibility of the public university. UMBC will be known for integrating research, teaching and learning, and civic engagement so that each advances the others for the benefit of society.

KEY GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

Goal 1. Create and maintain a well-educated work force

Objective 1.1 Increase the estimated number of UMBC graduates employed in Maryland from 1,142 in Survey Year 1997 to 1,432 in Survey Year 2004.

¹ The 2001 survey of alumni was sponsored by USM and conducted via telephone by the University of Baltimore Schaeffer Center. The survey was conducted earlier in the year compared with previous surveys, which were typically conducted in early to mid-summer, likely influencing responses regarding employment and graduate school enrollments and/or plans.

² Questions related to employers' satisfaction with UMBC alumni were included only on the 2001 USM-sponsored telephone survey of alumni. Such questions are not included on any of the MHEC-sponsored Alumni Follow Up Surveys carried out in 1997, 1998, 2000, and 2002.

³ Starting in FY03, UMBC's teacher preparation program required passing grades on appropriate Praxis I and II exams to be considered program completers.

UNIVERSITY SYSTEM OF MARYLAND

R30B34.00 UNIVERSITY OF MARYLAND CENTER FOR ENVIRONMENTAL SCIENCE

PROGRAM DESCRIPTION

The University of Maryland Center for Environmental Science (UMCES) engaging in research, education, and public service consists of three laboratories, two of which are located on the Chesapeake Bay: The Chesapeake Biological Laboratory (CBL) at Solomons, the Horn Point Laboratory (HPL) at Cambridge, and the Appalachian Laboratory (AL) at Frostburg. The Research Fleet Operations (RFO) is based at Solomons. The Maryland Sea Grant College coordinates the research efforts of the USM that are associated with the U.S. Department of Commerce's National Oceanic and Atmospheric Administration.

MISSION

The University of Maryland Center for Environmental Science (UMCES) is a research institution that advances knowledge in environmental and natural sciences through scientific discovery, integration, application and teaching. UMCES is the only institution of the University System of Maryland (USM) whose statutory mission is the development of a comprehensive program of environmental research, education and service. Through these functions, UMCES will maintain its national and international reputation for the excellence and multidisciplinary nature of its research, its success in applying scientific knowledge to the management of the Chesapeake Bay and its watershed, and its multifaceted collaborations in education. While UMCES does not grant degrees, its faculty members advise, teach, and serve as mentors to many graduate students enrolled in USM institutions.

VISION

UMCES will continue to evolve as a globally eminent yet locally relevant institution dedicated to discovery, integration, application and teaching concerning the environment and natural resources.

KEY GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

Goal 1. Strengthen the predictive ecology for Maryland through highly relevant research programs.

Objective 1.1 By 2004 increase to 150 the number of Chesapeake Bay restoration research projects, from 135 in 2003.

Performance Measure	2002 Actual	2003 Actual	2004 Estimated	2005 Estimated
Output: Number of Chesapeake Bay restoration projects	133	135	150	160

Goal 2. Strengthen the K-12 education and teacher training in environmental education programs.

Objective 2.1 By 2004 increase to 13,500 the number of K-12 students participating in UMCES' environmental education program from 10,000 in 2003.

Performance Measure	2002 Actual	2003 Actual	2004 Estimated	2005 Estimated
Output: K-12 students participating in environmental education program	12,500	10,000	13,500	13,500

Objective 2.2 Exceed the 2004 goal of 325 teachers trained in UMCES' environmental education program as it was 330 in 2003.

Performance Measure	2002 Actual	2003 Actual	2004 Estimated	2005 Estimated

UNIVERSITY SYSTEM OF MARYLAND

R30B35.00 UNIVERSITY OF MARYLAND BIOTECHNOLOGY INSTITUTE

PROGRAM DESCRIPTION

UMBI, established by the state of Maryland in 1985, focuses on the basic science of biotechnology and its potential applications in improving and sustaining human health, the marine environment, and agriculture as well as on contributing to advances in protein engineering and structural biology. UMBI's distinct identity as an independent institution, outside the traditional research university, rests in its emphasis on integrating research, education, and economic development through university, government, and industrial partnerships. The five research centers work both independently and together to answer scientific questions that solve problems. These solutions often foster the development of new products and processes, which can benefit economic development in biotechnology.

MISSION

UMBI is an independent research institute. Its mission is to lead and foster cutting edge basic and applied research in the biosciences resulting in development of new products and processes for biotechnology industries; to provide hands-on mentoring for graduate and undergraduate students who wish to pursue careers in biotechnology; to offer bioscience education for teachers, K-12 students, and the public; and to serve as both a hub and conduit for collaborative research programs among USM institutions, industry, and state/federal agencies.

VISION

The University of Maryland Biotechnology Institute is recognized regionally, nationally, and internationally for its contributions to knowledge through basic and applied research. The application of UMBI research to the solution of specific problems is a foundation for the continuing success of Maryland biotechnology companies, and the State is known as a national leader in the biotechnology industry. UMBI researchers mentor graduate students that go on to assume leadership roles in academic and industrial research. UMBI's contributions to K-12 student and teacher training result in an increase in their interest and proficiency in the biological and related sciences, and its public outreach programs lead to a better understanding of biotechnology science and policy issues among opinion makers, government officials, and the public at large.

KEY GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

Goal 1. To establish and nurture internationally recognized biotechnology research programs.

Objective 1.1. Enhance State and UMBI reputation in biotechnology by increasing the number of international scientific meetings organized in Maryland each year from one in 1998 to two by 2003.

Performance Measure	2002 Actual	2003 Actual	2004 Estimated	2005 Estimated
Output: International meetings organized	3	3	3	3

Goal 2. To increase revenues from extramural funding sources.

Objective 2.1. Increase patent licensing fees and royalties from \$260 per year in 1998 to \$350,000 per year by 2005.

Performance Measure	2002 Actual	2003 Actual	2004 Estimated	2005 Estimated
Output: Licensing fees and royalties (annual)	\$61,937	\$117,422	\$195,000	\$350,000

Objective 2.2. Increase patents granted to seven per year by 2005 as compared to a 1998 total of four per year.

Performance Measure	2002 Actual	2003 Actual	2004 Estimated	2005 Estimated
Quality: Patents issued	9	20	10	10

UNIVERSITY SYSTEM OF MARYLAND

Goal 3. To promote biotechnology-related economic development in Maryland.

Objective 3.1. Increase total number of active patent licenses from 24 in 1999 to 32 in 2005.

Performance Measure	2002 Actual	2003 Actual	2004 Estimated	2005 Estimated
Outcome: Total licenses in force	28	15	25	32

Objective 3.2. By 2005, achieve and maintain 20 active sponsored research agreements with industry annually.

UNIVERSITY SYSTEM OF MARYLAND

R30B36.00 UNIVERSITY SYSTEM OF MARYLAND OFFICE

PROGRAM DESCRIPTION

The University System of Maryland Office (USM Office) is staff to the Board of Regents.

MISSION

The University System of Maryland Office provides strategic vision, leadership, and planning designed to foster communication, cooperation and operational synergies within and among its three principal constituencies: the citizens of the State of Maryland, the Board of Regents of the University System of Maryland (USM), and the family of thirteen diverse institutions that constitute the USM. In addition, it strives to enhance both the resources available to the System's institutions and the outcomes achieved through financial stewardship of investments and economic support from public and private sources.

VISION

The University System of Maryland Office promotes and supports its constituent institutions, individually and collectively, to achieve national and international recognition. USM Office proactively foresees and addresses higher education issues of critical importance to the citizens of Maryland and forges productive linkages between USM knowledge resources in ways that meet the educational, economic, and social well being of the State.

KEY GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

Goal 1. Promote access to USM institutions through cooperation.

Objective 1.1 Enroll 1,000 full-time undergraduate students in day programs at the Shady Grove Education Center by 2004.

Performance Measures	2002 Actual	2003 Actual	2004 Estimated	2005 Estimated
Input: Undergraduate day-time enrollment at Shady Grove Education Center (headcount, fall only)	727	770	950	>950

Objective 1.2 Enroll 937 students at the Hagerstown Education Center by 2004.¹

Performance Measures	2002 Actual	2003 Actual	2004 Estimated	2005 Estimated
Input: Enrollment at Hagerstown Education Center (headcount, fall only)	N/A ¹	N/A ¹	937 ¹	>937

Objective 1.3 Increase by 50% the number of USM undergraduate students participating in inter-institutional enrollment, both on campus and online, by 2004 from 1,050 in 1999.

Performance Measures	2002 Actual	2003 Actual	2004 Estimated	2005 Estimated
Input: Number of USM undergraduates participating in inter-institutional enrollment	1,346	1,156	1,575	>1,575

Objective 1.4 By 2004, increase by 25% the number of students transferring from community colleges to USM institutions, from 6,340 in 1998 to 7,925 in 2004.

Performance Measures	2002 Actual	2003 Actual	2004 Estimated	2005 Estimated
Input: Number of community college transfers	6,963	7,007	7,114	7,224

Goal 2. Provide financial stewardship to maximize effective and efficient USM operations.

Objective 2.1 Maintain USM's current bond rating of Aa3 through fiscal year 2008, with the long-term goal of improving USM's bond rating to Aa2 when retirement of the current debt begins (after FY 2008).

Performance Measures	2002	2003	2004	2005
	Actual	Actual	Estimated	Estimated
Efficiency: Bond rating	Aa3	Aa3	Aa3	Aa3

Goal 3. Fulfill statutory responsibilities with the highest degree of quality

Objective 3.1 Satisfaction with USM Office's external interactions will increase from 3.40 in 2001 to 4.0 or greater by 2004.

Performance Measures	2002	2003	2004	2005
	Actual	Actual	Estimated	Estimated
Quality: Satisfaction with USM Office's external interaction ²	3.35	3.41	>4.0	>4.0

AID TO UNIVERSITY OF MARYLAND MEDICAL SYSTEM

R55Q00.01 AID TO UNIVERSITY OF MARYLAND MEDICAL SYSTEM

Program Description:

The University of Maryland Medical System is a private, nonprofit corporation created in 1984 to govern and manage the formerly State-run University of Maryland Hospital and Shock Trauma Center. The State general fund grant offsets the cost of uncompensated care and facility financing at UMMS' Kernan Rehabilitation hospital. The remaining special fund grant for Shock Trauma is provided from a surcharge on motor vehicle registrations in the Maryland Emergency Medical System Operations Fund.
